Introducing the Prisma Health Go app

The Prisma Health Go app is designed to help you navigate your way around and within Prisma Health—Upstate facilities. With the Prisma Health Go app, you can:

• Get step-by-step directions to hospitals or medical practices.

• Locate a department or patient room from inside a hospital.

• Find a hospital or practice location.

• Find nearby primary care and specialty doctors.

• Find the closest Emergency Department.

• Find nearby walk-in care facilities.

• Access your health information on MyChart patient portal.

Prisma Health Go is available for both Apple and Android devices.
