

Landace Woods named Director of Continuous Quality Improvement and Accreditation

From Liz Snyder, Executive Director, Home Health and Hospice

Landace Woods, RN, MSN, NEA-BC, COQS, has been named Director of Continuous Quality Improvement (CQI) and Accreditation for Post-Acute Care for the service lines of Home Health, Hospice and Durable Medical Equipment (Equipped for Life).

Landace has been the Director of Home Health in Greenville since 2004. Over those years she has grown the program, implemented and optimized Epic and served as an advocate for home care across the state. In her new role, Landace will lead the quality initiatives for Home Health, Hospice and Equipped for Life. This includes patient safety, performance improvement, survey readiness, education, regulatory agency compliance and much more.

In addition to her MSN, Landace is also an ANCC Nursing Executive, a Certified OASIS Quality Specialist and is in the process of becoming a Certified Coding Specialist. Within the home care industry, Landace has served as both a Board Member and President of the South Carolina Home Care and Hospice Association. She is also an independent, expert nurse reviewer for the South Carolina Board of Nursing.

Please join me in congratulating Landace on her new role.
