## Welcome, Dr. Culpepper!

Dr. Culpepper now offers injectable services at Carolina Aesthetics.

Carolina Aesthetics is proud to announce that as part of our new partnership with Plastic Surgery & Aesthetics of Greenville Health System (GHS), J. Wesley Culpepper Jr., MD, will be providing injectable services at our 920 Woodruff Road office.

Hailing from Atlanta, Dr. Culpepper graduated magna cum laude with a BS in genetics from the University of Georgia in Athens. He went on to receive his MD degree from the Medical College of Georgia in Augusta. Then, he completed a residency in General Surgery at the Medical University of South Carolina in Charleston, followed by a Plastic Surgery residency at the University of Tennessee College of Medicine, Chattanooga Unit.

Board-certified with the American Board of Plastic Surgery, Dr. Culpepper is an active member of several professional associations, such as the American Society of Plastic Surgeons, American Medical Association and the Greenville County Medical Society.

Dr. Culpepper joined GHS Plastic Surgery & Aesthetics in February 2014. Special interests include cosmetic surgery of the breast and body; reconstructive surgery of the breast, body and face; and facial reconstruction following traumatic events.

Soon after moving to the Upstate, Dr. Culpepper became an avid Greenville Drive baseball fan. However, you can still catch him cheering on (and howling for) his hometown team—the UGA Bulldogs—during football season.

Please join us in welcoming Dr. Culpepper to our practice. To schedule an appointment, call (864) 233-8088.
